# What can coaching analytics do?

---

Identify problems early

Adjust coaching behaviors based on data

Standardize coaching interactions around the globe

Treat individuals as individuals

Predict when more resources are needed

Formulate a “best in class” coaching model

# Leading vs. Lagging Indicators

---

What to do during Group Coaching sessions? aka Study Halls?

How should I support students struggling with Control Charts?

What information can I communicate regarding the “health” of the program?

How many YBs/GBs/BBs did we certify this year?

Who is a good candidate for the next level of training?

# Reporting
