EngineRoom®

Cloud-based data analysis and statistical software

EngineRoom offers a robust suite of data analysis and process improvement tools, enabling organizations to streamline problem-solving, increase quality and efficiency, and drive towards Operational Excellence.

Analyze your data, discover solutions and improve processes all in one place

Comprehensive Toolset

All the tools you need; Statistics, Diagramming, Documentation Templates, and Process Modeling

Multiple Languages Available

EngineRoom is available in English, German, Spanish, French, Portuguese, Simplified Chinese, Japanese, and Korean.

Unique & Intuitive Interface

Effortlessly explore data with the unique drag-and-drop interface

Automatic Updates Included

Featuring several automatic updates throughout the year–no installation necessary!

Process Modeling

Test before you invest and utilize the world's first web-based discrete event simulation tool
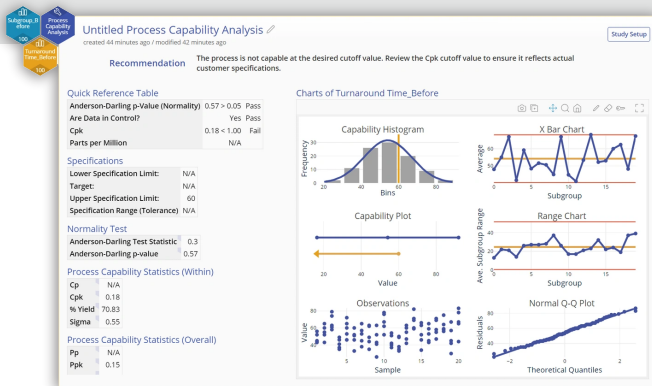

Visual Data Exploration

From Scatter plots to Regression Trees explore your data visually

Guidance When You Need it

Tutorials, Prompts and Wizards to help you get started

Secure and Protected

Encrypted and secure, your data is always protected and private

An integrated technology platform to power continuous improvement

EngineRoom combines graphical, statistical and modeling tools for organizing and managing your projects. With a wide range of statistical and visualization tools, EngineRoom empowers users to make informed decisions based on data-driven insights.

EngineRoom® Tools & Capabilities

Data Analysis & Statistics

Process Capability Analysis
Statistical Process Control
Parametric Hypothesis Tests
Non-Parametric Hypothesis Tests
Regression Analysis
Design of Experiments (DOE)
Little's Law Calculator
Data Transformations
Measurement System Analysis
Classification & Regression Trees

Basic Charts & Graphs:
- Bar Chart
- Box Plot
- Histogram
- Pie Chart
- Pareto Analysis
- Scatter Plot
- Trend Chart

Diagramming & Mapping

Root Cause Analysis Tools
Flow Charts
Value Stream Mapping
Fishbone Diagram
CTQC Trees
Affinity Diagrams
Quality Function Deployment (QFD)
Fishbone Diagrams
Cause & Effect Matrix

Process Modeling and Simulation Tools

Monte Carlo
Process Playground

Project Documentation Tools & Templates

Control Plan
Failure Modes and
  Effects Analysis (FMEA)
Gantt Chart
Project Charter

Project Prioritization
  Matrix
Pugh Analysis
RACI Matrix
Stakeholder Template

Standard Work
Design Scorecard
Replenishment Process
  Pull
Data Collection Tools
